

Declaration of use of GAI tools

☒ **I/we used generative artificial intelligence (GAI) to complete this project** (tick the box). List the GAI tool(s) you used (remember to specify version):

- Chat-GPT 5.1

I/we used GAI tools in the following way (See accompanying list of possible uses for inspiration)

EXAMPLES OF LEGITIMATE USE CASES FOR GAI
--

For inspiration in formulating a thesis statement

For inspiration in relation to choice of theory and method
--

For feedback on own text

For alternative ways of formulating text
--

To get started on my/our writing

To understand a topic better

To aid me in my reading process

I/we write about the topic of GAI in the project
--

To find gaps in our knowledge

To get started on my/our search for information

For programming tasks

For data analysis

To create diagrams

Other use case(s) (specify):

- For feedback on own text: i.e. evaluating and/or validating grammar, phrasing, conceptual understanding and alignment with project.
- For alternative ways of formulating text: To provide potential improvements, based on those evaluations of our own text.
- To help with programming tasks

For each relevant use case, explain how you used GAI (see an explanation of the various possibilities on [Studypedia](#)). For example, if you used GAI to generate information, explain how you did this and how you used the output in your paper.
